## 1. CAMPING PAISAXE II

### 1.1. Place and description

We invite you to discover through these pages an ideal space to organize a great event like the one that can be held in June 2023. Our facilities are located in the San Vicente de O Grove area, a few meters from the Blue Flag beach, Area Grande. It is an environment of sea and nature, a unique privileged enclave, famous for its historical-cultural and landscape heritage, as well as for the beauty and quality of its wild sandy beaches, its coves or its natural environment.

Camping Paisaxe II is a 1st category campsite, with long experience in the tourism sector in Galicia. It also has the **Q for tourist quality**, quality assurance, safety and professionalism. The 1st category facilities occupy an area of 60,000 m<sup>2</sup> and they clearly distinguish the different accommodation areas, the large green areas and games for the camps that we organize, the sports and leisure areas, the main building with a restaurant or the locker room blocks.

The **VulcanRiders Project** would be developed in modern and well-sized facilities, with a low occupancy during the month of June and a perfect climate during the summer season for the development of aquatic and outdoor activities.

### 2. ACCOMMODATION

Among the accommodation areas that the campsite has, it should be noted that in 2021 we will have even more camping areas and new bungalows.

#### 2.1. Camping área.

We will have a land area where you will camp with all the tents, a quiet area close to the tents and entertainment area. In this same area, the location of the motorcycles will be agreed, either all together or at the same level as each tent. A rate will be established per person, for those who avail themselves of this type of accommodation.

It would include concepts such as the person himself, the tent (also caravan, motorhome or van / camper), the vehicle (motorcycle or car) and electricity.

### 2.2. Bungalows

They will be the most comfortable accommodations within our facilities. A small city of 20-30 differentiated bungalows with their own characteristics depending on their model. As common characteristics to comment that these are wooden accommodation with 2-3 rooms, kitchen and bathroom, pets would not be allowed and would include bedding.

We would also have a Glamping area, large tents for those who do not bring their own.

For those dates you can start booking from January 2023 on a personal level and according to the current rates that will be uploaded in that January to our official website.

We will make available to the Association a large tent to host the breakfasts and dinners of all participants during the days of the Rally. The campsite will personally be in charge of setting the tent + tables + chairs + stage.

We will get them to supply us with a tent of about 3,000 m<sup>2</sup>, about 90 m x 40 m (maximum). The exact surface that would be needed will be filed with the Association.

On the other hand, comment that a small stage will be placed in the background, with lights, speakers, a large space to dance and above all enjoy the magical nights that we will offer with good music.

The type of music will be decided for the three days, groups / DJs to liven up dinner and / or the after performances.

### 4. ACTIVITIES IN THE AREA

The location of our facilities allows us to practice numerous activities without major displacements. It is a brilliant environment to enjoy leisure and sports outdoors:

#### 4.1. Aquatic activities

Fantastic alternatives for leisure in the water, always promoting healthy and active life, through outdoor activities for those who opt for these new experiences and diversions.

\* **KAYAK.** Kayaking classes with routes through coves near the campsite and visit to the nearby rafts, didactically showing the operation of a trough and the extraction of the mussel, an adventure within the reach of a few pulls.

\* **SURF COURSE.** Initiation classes to Surf at La Lanzada Beach, with all the necessary material available (boards, wetsuits ...), learning and fun.

### 4.2. Cultural and gastronomic activities

Other ways to enjoy our Galician culture and gastronomy.

- \* **VISIT TO THE TEMPERÁN AND ADRO VELLO MUSEUM.** An interpretation center for Galician agrarian culture and the archaeological site on the edge of our beaches. Small story of a Roman villa within 500 meters.

- \* **SANTIAGO'S CATHEDRAL.** World pilgrimage center which is also Holy Year in 2021, an inescapable visit to the cathedral and all its history with all the participants of the Rally. We have relevant people in the Archbishopric of Santiago, or even in the Tourism Agency to manage a possible beautiful motorcycle route entering Plaza do Obradoiro. Other routes could be to the center of O Grove, Sanxenxo, Cambados, Combarro ... beautiful towns very close to our facilities.

### 4.3. Ría de Arousa Routes

- \* **VISIT ONS ISLANDS.** A real joy to discover them all day long, you could hire a qualified guide who would explain the wonders of the Island, from its history, treasures, passageways or beautiful routes to the ecosystems that inhabit it. We have contacted and for the large group it could be done on Friday, with two schedules in the morning and two schedules in the afternoon.

- \* **BOAT ROUTE THROUGH THE RIA.** A beautiful route along the estuary departing from the port of O Grove. They have experience with large groups and in principle there would be no problem. The seven shipping companies that live in the port carrying out this activity would be deployed. With guides on board they would explain the nature and ecosystems of our estuary, visit a raft, with the possibility of seeing the seabed. Another attraction of the route is the tasting of mussels and a Galician white wine.
